

Highland Community College's Alumni Outreach Project

As part of Highland Community College's work to stay in touch with HCC's alumni, the HCC Foundation has been conducting outreach to over 100 businesses in HCC's district, asking them to post outreach materials in their employee break areas or post them in an area accessible to the public. Alumni wishing to update their contact info with HCC can mail in a reply card or provide their updates online at www.highland.edu/alumni/register.asp.

The HCC Foundation wishes to thank the following Freeport area businesses, who have posted HCC Alumni outreach materials in high-traffic areas accessible to the public.

Why don't you stop in, pick up a reply card, and show your support for their support, by browsing their wares?
