PREVAILING RATE OF WAGES

RECOMMENDATION OF THE PRESIDENT: That the Board of Trustees adopts the attached Resolution regarding the prevailing rate of wages.

BACKGROUND: In order to be in compliance with the Prevailing Wage Act, as defined in the Illinois Compiled Statutes, Highland Community College must pass the attached Resolution in June of each year. This Resolution includes a list of wages, by craft, for Stephenson County furnished to us by the Illinois Department of Labor. A notice of the prevailing wage rates will be published in the newspaper and a copy of the Resolution will be provided to “any employer, and to any association of employers and to any person or association of employees who have filed, or file their names and addresses, requesting copies of any determination stating the particular rate and the particular class of workers whose wages will be affected by such rates in the district,” in accordance with the Act.

BOARD ACTION: _____

RESOLUTION - PREVAILING RATE OF WAGES

WHEREAS, the State of Illinois has enacted "An Act regulating wages of laborers, mechanics and other workers employed in any public works by the State, County, City or any public body or any political subdivision or by anyone under contract for public works", approved June 26, 1941, as amended, being Chapter 820 ILCS 130/1-12, Illinois Compiled Statutes; and,

WHEREAS, the aforesaid Act requires that Illinois Community College District #519, Counties of Stephenson, Ogle, Jo Daviess and Carroll, and State of Illinois, investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics and other workers in the locality of Stephenson, Ogle, Jo Daviess and Carroll Counties, employed in performing construction of public works, for said Illinois Community College District #519; and,

Now, therefore, be it ordained by the Board of Trustees of Illinois Community College District #519, Counties of Stephenson, Ogle, Jo Daviess, and Carroll, and State of Illinois, as follows:

SECTION 1: To the extent and as required by "An Act regulating wages of laborers, mechanics and other workers employed in any public works by the State, County, City or any public body or any political subdivision or by anyone under contract for public works" approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics and other workers engaged in the construction of public works coming under the jurisdiction of Illinois Community College District #519 is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Stephenson County area as determined by the Department of Labor of the State of Illinois as of June 5, 2017, a copy of that determination being attached hereto as Exhibit "A" and incorporated herein by reference. The definition of any terms appearing in this Resolution which are also used in the aforesaid Act shall be the same as in said Act.

SECTION 2: Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works of Illinois Community College District #519 to the extent required by the aforesaid Act.

SECTION 3: The Illinois Community College District #519 Board Secretary shall publicly post or keep available for inspection by any interested party in the main office of Illinois Community College District #519 this determination of such prevailing rate of wage.

SECTION 4: The Illinois Community College District #519 Board Secretary shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed, or file their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

SECTION 5: The Illinois Community College District #519 Board Secretary shall promptly file a certified copy of this Resolution with both the Secretary of State Index Division and the Department of Labor of the State of Illinois.

SECTION 6: The Illinois Community College District #519 Board Secretary shall cause to be published in a newspaper of general circulation within the area that the determination of prevailing wages has been made. EXHIBIT "A"

This schedule contains the prevailing wage rates required to be paid for work performed on or after Monday, June 5, 2017 on public works projects in this County. Pursuant to 820 ILCS 130/4, public bodies in this County that have active public works projects are responsible for notifying all contractors and subcontractors working on those public works projects of the change (if any) to rates that were previously in effect. The failure of a public body to provide such notice does not relieve contractors or subcontractors of their obligations under the Prevailing Wage Act, including the duty to pay the relevant prevailing wage in effect at the time work subject to the Act is performed.

Explanations

STEPHENSON COUNTY

The following list is considered as those days for which holiday rates

of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

COMMUNICATIONS TECHNICIAN

Installing, manufacturing, assembling and maintaining sound and intercom, protection alarm (security), fire alarm, master antenna television, closed circuit television, low voltage control for

computers and/or door monitoring, school communications systems, telephones and servicing of nurse and emergency calls, and the installation and maintenance of transmit and receive antennas, transmitters, receivers, and associated apparatus which operates in conjunction with above systems. All work associated with these system installations will be included EXCEPT the installation of protective metallic conduit in new construction projects (excluding less than ten-foot, runs strictly for protection of cable) and 120 volt AC (or higher) power wiring and associated hardware.

LABORER, SKILLED - HIGHWAY

Individuals engaged in the following types of work, irrespective of the site of the work: asbestos abatement worker, handling of any materials with any foreign matter harmful to skin or clothing, track laborer, cement handlers, chloride handlers, the unloading and loading with steel workers and re-bars, concrete workers wet, tunnel helpers in free air, batch dumpers, mason tenders, kettle and tar men, tank
